

Month of June 2025 Communication to the Republican National Committee (RNC)

You republicans of the RNC have still not communicated to me or worked out anything with me. Do you think it is good for you to just ignore everything, let everything go by without doing anything about anything? Is it good for you to not even know about anything or anyone actually involved with anything? I requested last week for communication to be made to me by the end of the week, and there was nothing. Do you really think you are going to be successful like that? Please reply.

What does the RNC do? The RNC is supposed to advance the republican politics, raise money, strategize, and lead to officially nominating and confirming a U.S. President and Vice President. Further, what if something is significantly wrong with its previous activity? The RNC has to make reasonable corrections for the continuance of its responsibilities. I am the real U.S. President. I request for the RNC to advance at working with me as the U.S. President - <https://www.godsmiraclecross.com/realms> .

I want to exercise my rights to the RNC. The RNC is not supposed to be not accommodating or working with people who are supposed to be worked with for the RNC purposes. The RNC is not supposed to be corrupted or taken over by inappropriate people. Other people, who have rights to be worked with by the RNC, have those rights without catering to, tolerating, or being subjected in any way to the unworthy people. The RNC has responsibility to make correction when needed. I request RNC actions.

I want my money. Another Friday, payday, but I have not been paid. The U.S. owes me a lot of money. I do not owe the U.S., and the U.S. owes me. I do not owe the Trump administration anything, and the Trump administration owes me. The U.S. is vicariously liable for all involved with the money the U.S. owes me and including anything involving the Trump administration. I have this involvement with the RNC, regardless of anything involving Trump, and I request for the RNC to serve its purposes.

Is anyone there at the RNC? I communicated to here but have not received a response. Nothing was worked out with me. The RNC phone number, 202-863-8500, has no one answering any of the lines. The RNC has not presented anything to me. Is the RNC not doing anything in the present times? Is the RNC just going with as things has been and not doing or wanting anything else? Are most people of the RNC happy with the Trump administration and do not want anything additional? Does the RNC say nothing?

06-09-2025

The RNC has still not yet communicated with me, met with me, or worked out anything with me. I have materials important and relevant filed at the White House, too. I request, as I did before, for the RNC to research the materials I filed at the White House. My materials at the White House involve and affect national issues. The RNC has been informed and requested to do its work in these relevant areas involving the United States and the U.S. Presidency now and continuing. Please research.

06/10-2025

Does the RNC have anything to present to me yet? Did anyone here of the RNC research my materials I have filed at the White House? Were the materials retrieved? My materials included many facts, rights, issues, laws, and merits. All my materials are accurate and valid. I have full authority concerning the United States and also, Trump and the Trump administration. I request for the RNC to research my materials at the White House and facilitate improving and advancing the situation. Please reply.

You can communicate to me by using email, if you intend to be fast. You can communicate to me by using my PO Box, if you do not intend to be extra quick. You can use the phone and leave a message. You have to use my official communication lines, if you intend to communicate to me. My personal website is my official and grassroots website, and the RNC can access materials from there to work with and promote nationally for serving the purposes of the RNC - <https://www.godsmiraclecross.com/realms> .

Do people of the RNC like not being regarded? Would people of the RNC like to have all their merits treated like nothing? Would you people of the RNC like to be left with nothing through excess amounts of time? Would you people of the RNC like to see pay period after pay period go by with you being paid nothing? Another week passed by with the RNC achieving nothing. Do you have anything to say about anything? Why should I or anyone bother with you? Please reply.

As previously said, Trump has failed to deal with me. There is nothing mutual. I charged a penalty, too. I still have claims concerning the U.S. Out of all that, I had nothing to do with the “No kings” activities. I have nothing to do with that. You know that is not me; that is not the RNC, the DNC; it’s not Trump or the Trump administration. I said to the RNC that I have to be dealt with throughout the USA. Why the “no kings” activity instead and in shorter time than my recent RNC contact?

06-16-2025

Many Republicans are not happy with what Trump and the Trump administration have been doing. Many Republicans most likely saw through the unreal “no kings” event. Republicans need a worthy recourse to exercise their republican politics while knowing that they are still appropriately with the Republican Party. Does the RNC have this arrangement made yet by working at increasing my popularity and funding among Republicans working with me as being the one who is and should be the U.S. President?

06-17-2025

I request communication from the RNC. I have not yet received a reply from the RNC. The RNC cannot expect anything from me or involving me when the RNC has not yet communicated to me. Also, I advise to not use any of my resources in any way without communicating to me first and requesting authorization. If the RNC intends to continue doing nothing, then the RNC can keep not communicating, but otherwise, the RNC has to communicate to me, as I requested.

06/18/2025

The Republican Party is not unified and needs its unification secured so that there remains a Republican Party that is working and doing what the Republicans need and expect the Republican Party to do. The RNC has the most responsibility to ensure the Republican Party is as it should be on its various levels throughout this country, U.S.A. For many reasons, including increased unity and success, I requested that the RNC work with me. Months have already passed by. Please reply to me immediately.

06-22-2025

I request that the RNC communicate back to me. The Republican Party is not unified and has a responsibility to handle the current situation of non-mutuality. Trump had no justification to call for attacks against Iran and had no congressional authorization. Trump acted illegally and foolishly but, in addition, got involved the U.S. military, like he did with the militias back in January 2021. Trump lacks leadership abilities. The RNC should not condone such illegality. Stop the corruption.

06-23-2025

As you know, I am still requesting communication from the RNC be made to me. I do not agree with anyone else and am not mutual with anything else, including of the RNC, until I receive communication from the RNC and make an emphasis concerning that communication. Do not be fooled by anything or anyone. If you want to know what is truly going on, be sure about what you are doing, contribute to and be involved with advancement and success, then communicate back to me. I request the RNC reply.

06-24-2025

I had materials in the White House for more than 30 years, including with the Trump administration for more than 7 years. I already should have been honored. The RNC cannot keep hiding from taking action and letting Trump just continue misleading. Trump took a \$400 million plane bribe and then followed with an unjustified and unauthorized attack on Iran's nuclear facilities. What is going on needs honest reviewing. Have a hearing. Do a vote. I want the RNC advanced with me. Please reply.

06/25/2025

I communicated to here, the RNC. I requested communication back. I said to have a serious meeting about the improprieties of Trump. The RNC must enable Republicans to have freedom from Trump and to pursue their benefits in and with the Republican Party. Recently, Trump enriched himself and left out everyone else. Trump accepted a lavish \$400 million plane bribe and then attacked Iran unjustifiably and illegally. More like that cannot be let to continue happening. Stand up to Trump. Please reply.

06/26/2025

I request the RNC rewardingly and honorably deal with me. The RNC has to present offers and opportunities to me so that we, RNC included, can reasonably handle successfully the inevitable Trump transition to my U.S. Presidency. The RNC should be on track with the United States political situation and be facilitative to all Republicans, Americans, U.S. citizens, and voters. I am supposed to be pleased. I want to be inspired to feel and know that it is good for me to say and do more. Please reply.

06/27/2025

The RNC can make offers to me by emailing to my email address, sending correspondence to my PO Box, or calling me on the telephone. If the RNC has anything to say to me, the communication has to be made to me, and my response will be accordingly following. Here is a way to access my personal website - <https://www.godsmiraclecross.com/realm> . On my website, you can see my communication made through the past months to the RNC and to the White House also. Please reply to me if you want progress.
