My Spirit's Calling

Hear me; My Spirit's calling.

I alert you.

Thoughts freeze as moving ice.

Words are forming life with life.

Space shows times.

All feelings live moods.

Years make lots of meaning real.

There's life solid that matters now.

Always through the days, see complete.

Writings written on paper breathe,

Letters for a page expressions.

A song can enchant.

Know ways to heighten life.

Great extreme distance maps can show at a glance.

Read wise to learn.

Understand what's meant.

Hear me; my spirit's calling.

I alert you.

Thoughts freeze as moving ice.

Words are forming life with life.

Space shows times.

Truth just stays living moments;

Make what's true perfect now.

Truth stays living moments;

Make what's true perfect now.
