**All Wrongs Must Stop**

Now, see words live as real

Feel this to the soul.

Talk right, just talk with this knowledge.

Make true meaning get reached.

Stay here till the end, tell your tales of hard times known.

Make sure right things will last.

Stay straight on the goal.

Knowing the background, can let your heart be sound.

All wrongs must stop.

All wrongs must stop.

Can’t be ignoring harm caused.

All wrongs must stop.

Yes, when there’s steam, it’s steam.

The force can be frenzied; Not sure of what will be enough.

There were,  times that caused lots of rage.

Swear to do what’s right; loyalty’s a gift kept.

Now decide each best pathway.

Keep facts that light the way.

Make good faith effort; always try to please.

All wrongs must stop.

All wrongs must stop.

Can’t be ignoring harm caused.

All wrongs must stop.

Use good faith  to have an open heart.

You'll be worthy if  you're true.

All wrongs must stop.

So as, as these times reach all days, child.

All senses are heightened, for living the life.

All wrongs must stop.

All wrongs must stop.

Can't be ignoring harm caused.

All wrongs must stop.

Use good faith  to have an open heart.

You'll be worthy if  you're true.

All wrongs must stop.

All wrongs must stop.

Can't be ignoring harm caused.

All wrongs must stop.

All wrongs must stop.

Can't be ignoring harm caused.

All wrongs must stop.

All wrongs must stop.

Can't be ignoring harm caused.

All wrongs must stop.

[Make the effort, effort.]

Use good faith  to have an open heart.

Can’t be ignoring harm caused.

All wrongs must stop.

All wrongs must stop.

Can’t be ignoring harm caused.

All wrongs must stop.
